#### **9. PH1543 TO RECEIVE AN UPDATE FROM CLLR GALLAGHER CHAIR OF THE STEERING GROUP FOR THE NDP**

Cllr Gallagher informed the Committee that the NDP is still with LDC as they do their consultation which goes onto until March 2023.

The presentation by Kaner Olette that preceded this meeting came from a grant available through the Neighbourhood Plan which was stimulating, and an interesting look to the future.

#### **10. TO COMMENT ON THE PLANNING APPLICATIONS AS FOLLOWS:-**

##### **PH1544 – LW/23/0018 Meridian Centre**

The Committee **noted** this application as it will be discussed on 16<sup>th</sup> February at an Extraordinary meeting of Full Council.

*The Chair suspended standing orders to allow Mr Horner to make a comment.*

Mr Horner informed the Committee that he has received a copy of a consultation feedback document from the MP's office which appears to show that Morrisons are aware of many of the issues and questions around the development, but offer no answers, and were PTC Councillors aware of this document.

Mr Horner was asked to please send a copy of the document to the Deputy Clerk, who will ensure it is circulated to all Councillors.

*Standing orders reinstated.  
1 member of the public left at this point.*

##### **PH1545 – LW/23/0003 75 The Promenade**

It was proposed that the Committee support this planning application, but comment about a lack of design and build materials information in the application.

*1 member of the public left at this point (20:08)*

##### **PH1546 – LW/23/0005 44 Roderick Avenue**

Proposed by: Cllr Paul                      Seconded by: Cllr Sharkey.  
The Committee **resolved** to this proposal by majority, with 1 against.

*1 member of the public left at this point.*

**PH1548 – LW/23/0008 24 Steyning Avenue**

It was proposed that the Committee support this planning application, but note that the application does not relate to LDC Local Plan Policy DM25, that there is no net biodiversity gain, does not show how drainage will be dealt with, and where bins could be located at the front.

It was also noted that there is no definition between the public realm and the property, as per the emerging Neighbourhood Development Plan policy PT1.

Proposed by: Cllr Sharkey.                      Seconded by: Cllr White.  
The Committee **resolved** unanimously to this proposal, subject to the above comments.

**PH1549 – LW/23/0024 40 Phyllis Avenue**

It was proposed that the Committee support this planning application.

Proposed by: Cllr Gallagher.                      Seconded by: Cllr Paul.  
The Committee **resolved** unanimously to this proposal.

**11. TO NOTE THE FOLLOWING PLANNING APPLICATIONS:-**

**PH1550 – TW/23/0005/TPO 29B Telscombe Road**

The Committee **noted** this planning application.

**12. PH1551 – TO REVIEW AND UPDATE THE P&H ACTION PLAN AND AGREE ANY ACTIONS REQUIRED**

Cllr Griffiths reported that in relation to item 1 on the action plan (Concrete path), a Public Rights of Way TFG meeting will be taking place tomorrow.

It was proposed that the Town Clerk write to Barratts requesting that a Risk Assessment be carried out for the Attenuation Pond (suggesting that RoSPA could do this) as the pond is close to residential properties, a school, play park, skate park, with lots of small children around. The pond becomes very deep, and we do not want to see another tragedy such as the recent one in Solihul.

Proposed by: Cllr Seabrook                      Seconded by: Cllr Griffiths  
The Committee **resolved** unanimously to this proposal.

Cllr Seabrook informed the Committee that regarding the speed activated sign, Steve O'Connell will be coming in March to talk about speed watch which will help get the required evidence for a speed activated sign.

**13. PH1552 DATE OF NEXT MEETING 21<sup>ST</sup> FEBRUARY 2023 AT 7.30PM.**

The next meeting of this Committee was confirmed for 21<sup>st</sup> February 2023.

*There being no further business the meeting ended at 20:42.*

To all East Sussex Parish & Town Councils  
7<sup>th</sup> February 2023

BY EMAIL

In July 2022 Lindsay Green (from Burwash Common and Weald District Residents Association –BCWRA) sent a copy of their report detailing forty-seven examples of poor highways maintenance to all Parish Clerks in East Sussex. The report made eleven recommendations, but the report and recommendations were met with defensive responses which failed to recognise that there were significant problems or show any willingness to address them and I understand that the report was dismissed by ESCC Lead Member for Highways (Cllr Claire Dowling) as 'only a Burwash Problem' in an email sent to all Parish Clerks in East Sussex in September 2022.

Highways maintenance is not just a Burwash problem, it's a national issue and I suspect that you, like us in Hadlow Down, are experiencing appalling and deteriorating road conditions, not least because of the recent weather. But our primary concern is not potholes per se but the highly questionable strategy adopted by ES Highways for repairing potholes and managing our highways, including drainage, which causes flooding incidents. We were surprised to learn that at the ES Highways online training event for Parish Councils held on 11<sup>th</sup> October 2022 a representative of ES Highways stated that it is cheaper to patch a pothole seven times then to repair it once properly! An example to share is that our Parish Council reported subsidence on the main A272 highway and the local Highway Steward measured and claimed that it did not meet the criteria. A member of the public was so outraged by this response that they measured with a ruler and took photographs to show that the Highways Steward was wrong and ill-informed as the evidence suggested that it did indeed meet the criteria. It was therefore questionable whether the Highway Steward had even been on site. We challenged both positions. The subsidence remains present after nearly a year of reporting it.

Hadlow Down Parish Council has contacted and been contacted by a number of other Parish and Town Councils expressing grave concerns over the state of the roads and byways in East Sussex and discovered, amongst other things, that a significant number of Parish Councils have pulled out of 'Strengthening Local Relationships' (SLR) meetings because they are considered not to 'make a difference'. All of this strongly reinforces the view that there are grave and systemic problems with ES Highways' Maintenance strategy, practice and quality control.

The Clerk: Mrs Samantha Weatherill

Tel: 01825 760103 Email: [clerk@hadlowdown.org](mailto:clerk@hadlowdown.org)

So, what can be done? At the end of the day we are elected to represent our communities and we are powerless to drive the change we are all seeking. Hadlow Down Parish Council believes that it will only be possible to effect real change through collective action and at the Parish Council meeting held on 7<sup>th</sup> February voted unanimously to send out this letter to seeks your views and to determine whether there is an appetite for joint action. One possibility is that we collectively seek legal advice to determine if there is a credible 'Misconduct in Public Office' case for East Sussex Highways and East Sussex County Council to answer. We appreciate that this is a very serious charge that would need to be answered by accountable individuals within the Council. We do believe that there are many examples of poor and misguided maintenance which are well documented by Councils. For example, we have one site which has been temporarily repaired seven times. But this is only one possibility and you may have other suggestions, thus the need to ascertain how many PCs would commit to a collective approach and decide then how to reach collective decisions.

This letter is not about requiring East Sussex County Council to commit more money to highways maintenance, far from it; we recognise the extreme pressure created by such factors as adult social care. It is about how the funding that is available can be used more effectively and ensuring officers, contractors and Highway Stewards do a proper job. At this stage we merely wish to gauge the level of support for collective action and would ask that you add this request to the agenda of your next Council meeting for a wider discussion on these issues and then let me know the outcome of your discussion as soon as possible thereafter.

Thank you so much, in advance, for your consideration of this matter.

Yours sincerely

Hadlow Down Parish Council Clerk  
On behalf of Hadlow Down Parish Council
